

Git version:

A screenshot of a terminal window with a dark background. At the top, there are tabs labeled 'PROBLEMS', 'OUTPUT', 'DEBUG CONSOLE', 'TERMINAL' (which is selected and underlined), and 'PORTS'. Below the tabs, there are two command-line entries. The first entry is a blue dot followed by the text 'PS C:\Users\scien\Python Course> git --version', and the second line shows the output 'git version 2.44.0.windows.1'. The second entry is a grey dot followed by the text 'PS C:\Users\scien\Python Course> ' and an empty command prompt box.
